

*Riches do not consist in the possession of treasures,  
but in the use made of them. Get ready to indulge your grey cells.  
When the climax unfolds an actual hidden treasure may not be found, but the  
victory may be equivalent to one.*

## TASK

It's a treasure hunt with a technical twist in the clues.

## RULES AND REGULATIONS

- There shall be 3 members in a team. Team members may be from different institutions/colleges.
- No programming skills required.
- Each member should have a valid ID card of his/her institute/college.
- The right spirit of participation is expected from all the participants.
- The organizing committee reserves the right to make any last minute changes.
